Afternoon Everyone,
To clarify the excel document (attached) for AV Systems Budget category: **furniture/miscellaneous** is broken out within each of the room tabs within the excel file.
This category includes all of the cabling, rack frame and miscellaneous components etc. for each of the room. It does not include or duplicate any of those items in the furniture budget: i.e. Podiums, credenzas and tables.

Additionally I have attached the two a PDF files dated March 4th which are/were the last summary and detail budgets for furniture.

Chris,
I'd like to follow up the SMW budget update.

There was a spreadsheet that Philip (FERC) has sent to Lynn for the furniture budget, and was trying to see if that was the most recent one. Can Lynn or Tom be able to verify. If not, please provide the most recent furniture budget as well.

Thanks

Please find attached the updated furniture budget. We did adjust some quantities, most notably the number of small offices. We have broken out the totals per phase for your use.
